SATURDAY EVENING, APRIL 30, 1910

CONGRESSIONAL.

In the Senate yesterday by a vote of 35 to 29 the Cummins substitute for the Crawford-Ellis amendment to the railroad bill relating to traffic agreements was defeated. Eleven republicans and eighteen democrats voted in favor of the substitute.

Senators Newlands, Cummins and La Follette made set speeches against the bill. On the amendment Mr. Aldrich came nearer to defeat than at any other moment of his long career in Congress. Senator Clay introduced a bill to provide for the use of interstate telegraph and telephone lines for communicating information relating to contracts for the sale of cotton for future delivery.

By almost a two to one vote the House adopted an amendment to the railroad bill directing the Interstate Commerce Commission to make a valuation of the physical property of railroads. The entire session was devoted to consideration of amendments to the measure. No other amendments of first importance were adopted.

Democratic applause and cheers filled the chamber of the House when James S. Hays, the newly elected representative of Thirty-second Congressional district of New York to succeed the late Representative Perkins, appeared to take the oath of office. Republican members remained silent during the democratic demonstration.

Why Have an Overheated Kitchen in Summer?

When the sultry days come and the coal range makes the kitchen almost unbearable and cooking a dreaded task, put out the range fire and try the newest method of cooking in hot weather—use a

New Perfection Oil Cook-stove

What a contrast! The kitchen no longer is stifling hot, the work is now done with comfort, and the housewife is not worn out with the heat.

She saves her strength, keeps her health and is better able to enjoy the summer.

The New Perfection does everything that any other stove can do—all the family cooking, baking, washing and ironing. No smoke, no dust, no odor. Heat is applied directly and not wasted. A turn, and the flame is out.

The New Perfection stove has a Cabinet Top with shelf for keeping plates and food hot, drop shelves for the coffee pot or saucepans, and nicked towel racks.

It has long turquoise-blue enamel chimneys. The nickel finish, with the bright blue of the chimneys, makes the stove very attractive and invites cleanliness. Made with 1, 2 and 3 burners; with 2 and 3-burner stoves can be had with or without Cabinet.
